

Thank you to all who attended the Networking Events/Mentorship Workshops this week!

In case you missed it, the Pacific Northwest CPCU Society Chapter just hosted two new events (Maggiano's Bellevue and State Farm DuPont) that allowed for great Career Conversations with past and present Chapter Leadership and on-site Mentorship Program sign-ups. Over a buffet lunch we listened to program co-creator and CPCU Champion Jeff Bronaugh discuss what mentorship is and how the Society ended up creating a program to benefit members.

Participation in the CPCU Society Mentorship Program is a great way to enhance the value of your CPCU Society membership. Our program provides two avenues of participation:

1. Traditional Mentoring
2. Flash Mentoring

Whether you have expertise to offer or are looking to glean expertise from others, personal and career development occur on both sides of this relationship.

Traditional Mentoring

Choose a match for a minimum of 6 months and work together to set objectives, expectations, and timelines. Ideal for those with a specific professional development plan or goal in mind, such as developing leadership skills.

Flash Mentoring

Instantly connect for a one-time discussion or continue to maintain the connection as you see fit. Ideal for those seeking informal mentoring, general advice and tips, or to expand their network.

Our Mentorship Program needs CPCUs like YOU! The best pairings come from a deep pool of mentors.

Sign up as a Mentor, Mentee, or BOTH. Discover the perfect resource for your career growth.

We promised event attendees to provide a quick Mentorship Program reference on **HOW TO SIGN UP** (in 4 simple steps)

Step 1 - locate platform

Go to <https://www.cpcusociety.org/> and log in to your account.

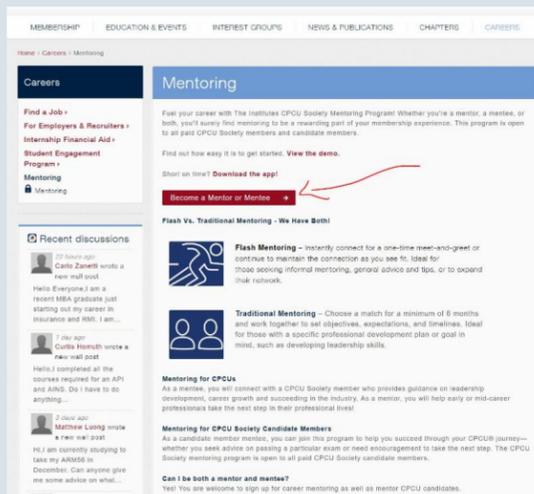

The Mentorship Program is members only.

CPCU Society partnered with Chronus to host the program's platform. Find our exclusive link by clicking the red **Become a Mentor or Mentee** button.

Find **MENTORING** at the bottom of the Careers menu.

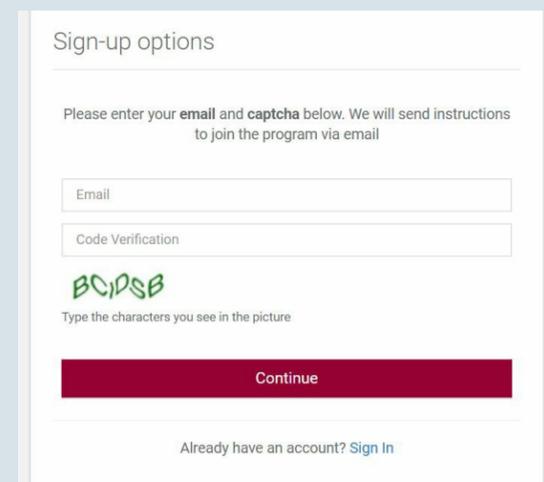

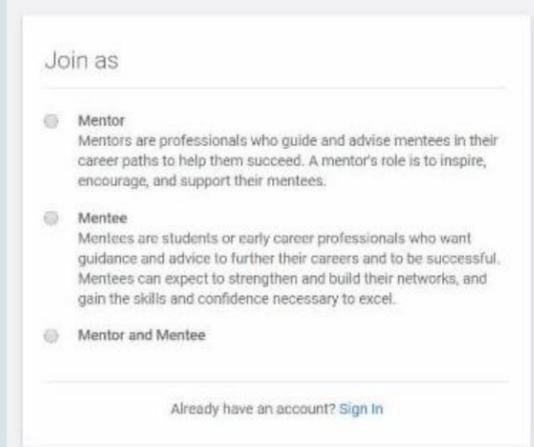

Then click on **Join** to start.

Step 2 - choose Mentor and/or Mentee

You will be given the choice to join as a **Mentor**, a **Mentee**, or **BOTH**.

You will next verify your email address.

We recommend choosing both. This will open up the platform options for you as your needs change over time. No matter what choice you make, you will always have control over your own level of participation.

Step 3 - create your profile

Selecting one or more regions will help you connect with local individuals who may not be in your specific chapter.

All of the checkbox items are sortable by the platform's algorithms to help you find the best matches!

Set your preference for how many connections you will be open to at any one time.

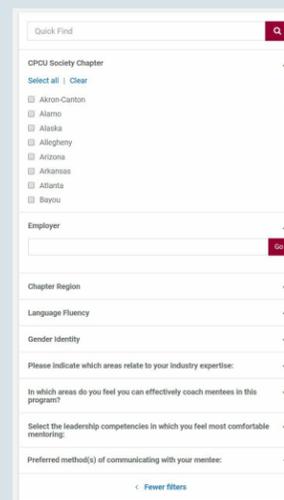

If you don't want to restrict yourself to matches by geography, take note of the highlighted tip in the Chapter Region section.

Step 4 - navigate the system

The left panel gives you access to the directory, your scheduling, and the community sections.

Navigate the **directory of Mentors or Mentees** by using the filters on the right side. Make sure to expand the box to show all available filters as some of the best are hidden until you toggle **More filters >**
